

# AGRICULTURE

The State of Louisiana has not yet issued guidelines for Agriculture, but we can look to recommendations and requirements from other states to see what our rules could look like.

## AVERAGE LEVEL OF CUSTOMER INTERACTION

Work requires some contact with customers.

## EMPLOYEE + CUSTOMER PROTECTION

- Masks should be used for employees working in close proximity.

- Smaller farms can participate in socially-distant farmer's markets to safely provide products for customers.
- Use social distancing when preparing products for delivery/making deliveries.
- Social distancing should be used at the farm for employees, too.
